- ★ Solar Power
- ★ WiFi
- ★ Water Self Sufficient
- ★ Well Equipped Kitchen
- ★ Luxury Interiors

Getting to your Eco-Cabin getaway is an Easy Adventure!

For GPS users, the street address is 135 Thunderbolts Way, Gloucester, NSW 2422.

Once you have reached Gloucester, you will find a roundabout at the northern end of the main street (Church St). At the roundabout turn left onto Thunderbolts Way, or Park Street on some GPS devices.

Go past a service station, over a small bridge and then the Bowling Club on the left. Continue on this road over the Gloucester River Bridge and past Bucketts Road (on the left) and the Showgrounds turnoff (on the right).

250 metres after Showgrounds turnoff (about 1km from the roundabout) you will come to the entrance to The Ridge on the left, where there is a large white sign "The Ridge - Luxury Eco-Holiday Accommodation" and the street Nos. 135, 137 & 139 on a fence post (see photo on right).

Enter this driveway and follow the road for 500 metres, past the shed and over the grid, until you reach a fork in the road.

Take the left fork (signed "The Ridge") onto the gravel road. After you go past the small dam (on the right) and wind up the hill, the access road to the Eco-Cabins veers off steeply to the left and down to a gully crossing (see photo on right).

Take this road across the gully and up the other side (see photo on left) then climb your way up via the meandering road to your "secret place to slow down".

The last section of the access road to the Eco-Cabins is not too rough or steep; we have guests in the past who had Minis, Hyundai i20s and Toyota Yaris' who had no problems. The key is to just take it slowly.

PLEASE NOTE: There is a tight bend on the last section of the road going up the slope so please look out for it and approach it very carefully every time both up and down.. Please also look out for other guests' cars.

The first Eco-Cabin is 'The Coucal' and the second is 'The Bellbird'. **Please check which one you have booked!** You will need to open the farm gate to enter the fenced area to your Eco-Cabin; please make sure you close the gate after you, to keep the curious cattle out!

Once you get to your Eco-Cabin the keys will be in lock box mounted on the door. You would have been sent the Access Code for the Lock Box via email. Please leave the keys in the lock box when you check-out.

We hope you enjoy your up-close to nature experience at The Ridge Eco-Cabins, Gloucester.

If you have any trouble, call our guest manager, Chloe, on 0412 576 745 for further assistance or if no answer call Dan on 0412 237 823.
